

Communication Process Posters

Directions: Your group will create a poster that demonstrates the process of communication in one the five levels of communication. You may cut out pictures, draw, use graphics, etc. After you create your poster, your group will present the poster to the class. You must be able to explain every element. Each group member should place his/her initials in the blank next to the part of the poster he/she will assemble and “teach” during the presentation.
